

Dear Parents,

I would like to facilitate communication within our classroom this year by offering to set up and share a classroom "Telephone Tree". This would only have **home** telephone numbers included. Work phone numbers are never shared. If you like, I can also include e-mail addresses. Parents, in the past, have appreciated this as

- ☺ Homework Help Line
- ☺ Party Planner
- ☺ A quick way to get important information out!

Please check your preference below and return to me as soon as possible. I will publish the information you agree to share. Everyone will receive a copy, no matter what you choose.

Thanks,  
Pam Wilson

- Great idea! Sign me up!
- Great idea, but I'd rather keep my home phone number private.  
Please list my e-mail address only.
