

Ocean Expedition with Jacques Cousteau

A MyT4L Lesson

Name _____

Use online resources to research information about various animals found in the ocean. Answer the questions below based on your research about ocean animal adaptations. Use the answer to these questions to create a new species which lives in the ocean habitat for your ImageBlender storybook.

What is your animal's name?

Where in the ocean does it live?

Does your animal have any unique adaptations to protect themselves from predators?

Does your animal have behavioral adaptations?

Other interesting facts about your animal.
